### New! Club officer courses in the Learning Center

Custom courses are available to support club presidents, secretaries, treasurers, and committee chairs throughout the year. To find a course in the [Learning Center](#), select the category "Your Role," and select "club president" to see the courses we recommend for club presidents. Electronic versions of club officer manuals are included in each course. [Lead Your Club: President](#) manuals have been mailed to district governors-elect in July for distribution to club presidents.
